TCYSA – COVID-19 (Coronavirus) Guidance **March 12, 2020**

TCYSA and our member Clubs are committed to the safety of our players and their families.

In response to the COVID- 19 outbreak we are taking the following steps:

TCYSA's Spring Recreational Soccer season will continue as planned at this time. TCYSA will follow the practice of our local school districts. If our local school districts take action to cancel sporting practices and games, then TCYSA will do the same. At this time, we understand that the Olympia School District is canceling games but continuing to hold practices.

For now, TCYSA Clubs will continue to hold practices. We will make an announcement about games scheduled for March 21 no later than March 18.

Our players and their families should follow the guidance of local public health officials including:

- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.
- Avoid touching your eyes, nose or mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Cover your mouth and nose with a tissue when you cough or sneeze, then throw the tissue in the trash and wash your hands.
- Clean and disinfect objects and surfaces.
- Stay at home and away from others if you are feeling ill.

Players and family members, especially those who have underlying health issues or may otherwise be more vulnerable, should use their discretion in participating or attending practices and games.

For coaches, we suggest that you change your pre-game and post-game greetings with the other teams to avoid high-fives and fist bumps – instead just saying "good luck" or "good game". We would also suggest that you not have a team snack and remind players to only drink from their own water bottles.
